I'm So Lonesome I Could Cry Hank Williams

```
D
Hear the lonesome whippoorwill
                      D    D7
He sounds too blue to fly
G                     D
The midnight train is whining low
                A7      D   D A7 D
I'm so lonesome I could cry

D
I've never seen a night so long
               D           D7
When time goes crawling by
G                  D
The moon just went behind a cloud
             A7      D   D A7 D
To hide its face and cry

D
Did you ever see a robin weep
                      D  D7
When leaves begin to die?
G                         D
That means he's lost the will to live
                A7      D   D A7 D
I'm so lonesome I could cry

D
The silence of a falling star
                    D  D7
Lights up a purple sky
G               D
And as I wonder where you are
                A7      D   G
I'm so lonesome I could cry.
       D        A7      D   D A7 D
I'm so lonesome I could cry.
