

God On The Mountain

Life is [G] easy when you're [C] up on the moun [G] tain
And you've got [D] peace of mind like you've never [G] known.
But then things change and you're [C] down in the [G] valley.
Don't lose [D] faith for you're never a [G] lone.

For the God on the [C] mountain is still God in the [G] valley.
When things go [D] wrong, He'll make it [G] right.
And the God of the [C] good times
is still God in the [G] bad times.
The God of the [D] day is still God in the [G] night.

You talk of [G] faith when you're [C] up on the moun [G] tain.
Oh but the talk comes [D] easy when life's at its [G] best.
But it's down in the valley of [C] trials and temp [G] tation
That's when [D] faith is really put to the [G] test.

For the God on the [C] mountain is still God in the [G] valley.
When things go [D] wrong, He'll make it [G] right.
And the God of the [C] good times
is still God in the [G] bad times.
The God of the [D] day is still God in the [G] night.

For the God on the [C] mountain is still God in the [G] valley.
When things go [D] wrong, He'll make it [G] right.
And the God of the [C] good times
is still God in the [G] bad times.
The God of the [D] day is still God in the [G] night.
The God of the [D] day is still God in the [G] night.
