C Dm G C 2x

C Dm G C  
Don't it make you want to go home now, don't it make you want to go home?  
C Dm G C  
All God's children get weary when they roam, don't it make you want to go home?  
G C C  
Don't it make you want to go home?

C Dm G C  
The river runs through the valley, when the autumn sun goes down  
C Dm G C  
Well, it's been a long time but I remember it well, shimmering gold all around  
C Dm G C  
Warm enough to roll the windows down, feeling the warm fall air,  
C Dm G C  
The road knows the water, my heart knows the way, soon I'll be right there.

C Dm G C  
Don't it make you want to go home now, don't it make you want to go home?  
C Dm G C  
Alabama runs through my blood and bone, don't it make you want to go home?  
G C C  
Don't it make you want to go home?

C Dm G C  
Soybeans are heavy in the open fields, the combine's gathered the corn  
C Dm G C  
The cotton is ready for harvest now, soon it'll all be gone.  
C Dm G C  
The dogwoods mixed in with the southern pines, maples glow yellow and red  
C Dm G C  
The forest is alive this evening, with the crickets and katydids.

C Dm G C  
Don't it make you want to go home now, don't it make you want to go home?  
C Dm G C  
All God's children get weary when they roam, don't it make you want to go home?  
G C C  
Don't it make you want to go home?

C Dm G C  
Don't it make you want to go home now, don't it make you want to go home?  
C Dm G C  
All God's children get weary when they roam, don't it make you want to go home?  
C Dm G C  
Good Lord willing, the creek don't rise, don't it make you want to go home?  
G C  
Don't it make you want to go home?
