

Just To Say I Love You Michael Franti, Niko Moon

Bb D Gm F

I can't tell you how I feel with flowers, cause they can't tell you what I'm trying to say
And I've been looking through my heart for hours, but my mind is always in the way
And I've been searching for words so perfect, trying to find a better way
Just to say I love you Just to say I love you Just to say I love you Just to say I love you

We both had our ups and downs for years now, and we made it through the sun and rain
And I've been holding back on all these tears now, but the way I feel has never changed
And I've been searching for words so perfect, trying to find a better way
Just to say I love you Just to say I love you Just to say I love you Just to say I love you

Here we go, here we go, here we go

Feels so right it can't be wrong. Love is all I ever wanted.
Looking for you for so long. Love is all I ever wanted.
Play until the break of dawn. Love is all I ever wanted
We'll go dancing all night long. Love is all I ever wanted

And I've been searching for words so perfect, trying to find a better way
Just to say I love you Just to say I love you Just to say I love you Just to say I love you

Here we go y'all
