

The Bells of Christmas Loreena McKennitt (additional lyrics, UkeJenny)

Am C-D Am C-D

G D Am C D
In the silence of the night, when the snow lies soft and still
G D Am C D
You can see a magic light, and hear the ring of Christmas bells
C G Am D7 G G7
Though the night seems long and dark, it is the Earth just gone to sleep
C G Am C D
Stars that dot the sky above, hold you in their precious keep
Am C D Am C D
Close your eyes and come with me. Christmas bells will bring you home

G D Am C D
In loving kindness, word and deed, all our weary souls renew
G D Am C D
We can be the change we need, with Christmas spirit, all year through
C G Am D7 G G7
Faith and love are ties that bind, even when we're far apart
C G Am C D
Ringing bells and stars that shine, take my hand and hold my heart
Am C D Am C D
Take my hand, and hold my heart. Christmas bells will bring you home

G D Am C D
Now with song we fill the night, while magic dances in the light
G D Am C D
To wish you now and all the year, the joy that comes with Christmas cheer
C G Am D7 G G7
Hear our voices fill the air, to drive the winter cold away
C G Am C D
So our hearts with all will share, the love that comes with Christmas Day,
Am C D Am C D
The love that comes with Christmas Day; The Christmas bells will bring you home
Am C D G
The Christmas bells will bring.. you.. home..
